BarleyGreen Premium Caplets are a convenient way to carry BarleyGreen with you at all times.

benefits

WHOLE FOOD FOR THE WHOLE BODY

Dr. Hagiwara's BarleyGreen, with organic barley grass, contains the proper balance of essential nutrients and phytochemicals that work together synergistically to support basic metabolism, digestion, antioxidant protection, and detoxification. YH International's organic barley grass is a green cereal grass that enjoys excellent growth in the rich soil and ideal climate of Southern California's coastal plains region.

CHLOROPHYLL – THE GREEN WONDER

Chlorophyll has been widely used as a body cleanser, for its anti-microbial properties and to support the circulatory, digestive, immune, and detoxification systems. Researchers have suggested that chlorophyll may also increase the num-

ber of red blood cells and therefore, increase the body's utilization of oxygen.

PHYTOCHEMICAL BONANZA

In addition to vitamins, minerals, and other essential nutrients, BarleyGreen (and our other products that include organic barley grass) contains phytochemicals such as enzymes, carotenoids, bioflavonoids, and chlorophyll that research has shown to be important for our health.

GENTLE AND RAPID PROCESSING

YH International's award-winning special process includes certified organic cultivation, gentle juice extraction, rapid spray-drying and granulation to enhance powder solubility.

These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

Ingredients: Juice of organic young barley grass, organic maltodextrin, organic brown rice, kombu (kelp) and magnesium stearate.
