benefits

COMPLETE WHOLE FOOD

Dr. Hagiwara's BarleyGreen with organic barley grass, contains the proper balance of nutrients, including vitamins and minerals. It is this special combination of nutrients and phytochemicals working together as antioxidants that provides protection against free radicals. Organic barley grass is a green cereal grass that enjoys excellent growth in YH International's rich soil and ideal climate.

Additionally, BarleyGreen contains enzymes minerals, B-vitamins and the perfect balance of amino acids, essential fatty acids, carotenoids, bioflavonoids, and chlorophyll.

CHLOROPHYLL HEALS

Chlorophyll is known to help cleanse the body, fight infection, heal wounds, and promote the health of the circulatory, digestive, immune, and detoxification systems. Chlorophyll

may be able to increase the number of red blood cells and the body's ability to use oxygen.

PHYTOCHEMICAL BONANZA

Dr. Hagiwara's BarleyGreen and our other products that include organic barley grass, contain an array of phytochemicals. These include three special types of phytochemicals that research has shown are important, and likely critical to our health: carotenoids, flavonoids, and chlorophyll.

GENTLE PROCESSING— MAXIMUM EFFECT

YH International's special processing includes organic cultivation, rapid processing, removing insoluble fiber, spray-dried juice protection of nutrients and enzymes, powder granulated for solubility and gentle juice extraction.

These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

Ingredients: Juice of organic young barley grass, organic maltodextrin, organic brown rice and kombu (kelp).
